Jason,

Here's the letter we sent almost exactly 4 years ago! Some discussion of waters of the State being broader than/different from waters of the US on pp. 3 and 10, altho' it's likely touched on elsewhere. However, since this was written when the whole site was considered waters of the US, we didn't go into a lot of detail. We also didn't go into whether waters subject to BCDC's jurisdiction would also be subject to our jurisdiction.

Thanks for the discussion today – see you Friday!

Bruce
